## **Golden Nugget Laughlin opens non-smoking slot area**

*Property offers new area to enjoy slot favorites in a smoke-free environment*

**LAUGHLIN, Nev.** – The Golden Nugget Laughlin will open a new smoke-free slot area on its gaming floor Friday, June 27, in an effort to better serve its non-smoking guests.

The new non-smoking slot area will be located just off the property's Main Lobby and will offer 40 different reel slot and video poker games in denominations ranging from \$0.01 to \$1.

"We are very excited to open a non-smoking slot area for our guests," said Tom Pohlman, general manager for the property. "We strive to offer the most comfortable and pleasant atmosphere for our visitors to enjoy their stay at the Golden Nugget Laughlin, and this new area provides our non-smoking customers with their favorite slots in a smoke-free environment."

The area will feature many of the newest penny games in the market as well as several progressives.

The addition of this non-smoking slot area follows other recent renovations to the property such as upgrading the pool area overlooking the Colorado River - adding rich foliage and luxury cabanas, as well as renovating the property's deluxe guestrooms and Paradise suites.
