17. CANADIAN RACE TRACKS

Any payoffs of wagers commingled with Canadian race track will be in U.S. dollars based on the actual track odds displayed at the Canadian race track. No currency exchange will occur.

"Entry" means two (2) or more horses in the same race which, for betting purposes of pari-mutuel wagering, is considered as one (1) horse. The most common reason for coupling of horses in an entry is the fact that they are owned or trained by the same person.

"Mutual field" means two (2) or more horses in the same race that are coupled in the wagering because of the number of horses exceed the number which can be handled separately by the mutual system. For example, if the order of finish is 1a-2-1-3, the winning combination will be 1-2-3. of the horse that finishes third. If an entry or field horse wins a race then the other half of the entry or field finishes in a dead heat for second, then the entry is considered as winning the race and the place price of the horse other than the entry or field horse involved in the dead heat for second will be used to compute the quinella.
